

2022 COURSES

FOR NURSES & MIDWIVES

Increase your knowledge and skills in the area of sexual and reproductive health.

Certificate in Sexual Health for Registered Nurses and Midwives

This interactive course for registered nurses and midwives supports a comprehensive understanding of sexual and reproductive health.

This interactive 5-day course equips nurses and midwives with detailed knowledge and clinical skills in sexual and reproductive health. The Certificate is undertaken in two stages with a theoretical component and clinical placement.

Cost: \$1415 - \$2355

Cervical Screening Provider Course

Gain the knowledge and skills necessary to become a Cervical Screening Provider.

This course is an interactive program covering the theoretical and clinical knowledge needed to become a Cervical Screening Provider. It includes an online learning module and assessment, a 1-day face-to-face theory workshop and optional clinical component. Participants who work within a general practice or community health service and who require cervical screening skills as part of their practice will benefit most from the course.

Cost: \$635 - \$920

Contraceptive Implant (Implanon NXT) Training for Registered Nurses and Midwives

Develop contraceptive implant insertion and removal skills and improve your understanding of counselling, assessment and complications.

The Contraceptive Implant (Implanon NXT) Training for Registered Nurses and Midwives is an interactive session, incorporating theoretical instruction and simulated practical application.

Cost: \$140

Pregnancy Choices Training

Learn how to provide support and information through a greater understanding of pregnancy choices.

This 2-day course defines and explains all the options available to people experiencing an unplanned pregnancy.

Cost: \$330

Face-to-face courses are held at SHINE SA Woodville, 64C Woodville Rd, Woodville unless otherwise stated.
