Certificate in Sexual Health for Registered Nurses and Midwives

Our interactive 5-day course for registered nurses and midwives supports a comprehensive understanding of sexual and reproductive health.

Participants have two options in completion:

- Certificate in Sexual Health – Theory
- Certificate in Sexual Health – Theory and Clinical Placement

Certificate in Sexual Health – Theory

This course includes online learning modules and a 5-day face-to-face course with follow up assignments. The compulsory online learning modules need to be completed and assessed prior to attending the face-to-face course. These activities are provided one month prior to attendance.

Topics covered include: Core Concepts in Sexual Health, Reproductive Health, Breast Health and Gynaecology, Introduction to Sexual Health Counselling, Andrology, Urology and Related Conditions, Sexually Transmitted Infections and Blood-Borne Viruses.

Clinical Placement - Clinical Training Sessions

The optional clinical placement aims to consolidate the theory component and prepare registered nurses and midwives to become skilled in the area of sexual health.
