FPAA National Certificate in Reproductive & Sexual Health for Doctors

This comprehensive course for doctors will expand your knowledge and develop practical skills in the delivery of sexual and reproductive health care.

The FPAA National Certificate in Reproductive & Sexual Health for Doctors is a nationally accredited course consisting of a 5-day theoretical module followed by 7 to 9 clinical training sessions.

Course outline

The FPAA National Certificate in Reproductive & Sexual Health for Doctors is awarded on successful completion of both the theoretical and clinical modules.

The theoretical component of this course covers the latest in clinical research, interactive case discussions, reflective learning and more.

Topics covered in the theory component include: Contraception, Common gynaecological problems, Menopause, Sexually transmitted infections, Cervical screening guidelines, Contraception, Fertility and subfertility, Sexual violence, Andrology and urology, Pregnancy options and abortion services, Pelvic pain, Vulval dermatology, Sexual dysfunction, Sexual and reproductive health within Aboriginal communities and Prolapse and incontinence.

Clinical training sessions

Clinical training sessions take place after completion of the 5-day theory course. The sessions are direct hands-on training at SHINE SA clinics, with support from senior SHINE SA clinicians.

Accreditation/Recognition

This education is a CPD Accredited Activity under the RACGP CPD Program. This activity is accredited with ACRRM.
