

2025 Courses

# Contraception Workshop for Nurses and Midwives

This interactive 3-hour workshop is ideal for professionals looking to expand their knowledge of contraception options.

Through hands-on learning and discussion, participants will gain an up-to-date understanding of contraceptive choices to better support client needs and informed decision-making.

Participants will cover:

- Clinical consultation and counselling
- Choices in contraception
- Emergency contraception options
- In-depth review of long acting reversible contraceptives (LARCs)
- Contraception initiation including quick start
- Management of contraindications and side effects
- Emergency contraception.
